

Remarks

Claim 50 is now the only pending claim in this application, assuming this amendment is entered.

On page 2 of the Office Action, paragraph 2, claims 50 and 51 were rejected under 35 U.S.C. §103 as being unpatentable over Campbell (GB 303,593) in view of Hubbard et al. (US 4,688,572).

Applicants respectively traverse to the extent this rejection is applied to the single claim now presented. Neither Campbell nor Hubbard disclose a pouch wherein both the first and the second lateral edges are substantially S-shaped.

Applicant therefore respectfully submits that claim 50 as now presented is patentable over Campbell in view of Hubbard et al.

Applicant asks for allowance of claim 50.
